About Our Company

Balaji Techno Forge is a precision engineering and manufacturing company specializing in forged and machined components for the Power Transmission, Pipe Fitting, Defence, and Automobile sectors.

Based in Rajkot, Gujarat, one of India's prominent engineering hubs, we focus on delivering components that offer high strength, dimensional accuracy, and long-term reliability. Our manufacturing approach combines quality raw materials, controlled forging processes, and precise machining to meet demanding industrial applications.

We manufacture a wide range of power transmission flanges and hubs, as well as pipe fitting flanges including weld neck, slip-on, and blind flanges in various sizes and pressure classes. Our products are designed to perform efficiently under high load, pressure, and critical operating conditions.

At Balaji Techno Forge, quality, consistency, and customer satisfaction are at the core of everything we do. Each component undergoes strict quality checks to ensure compliance with customer specifications and industry standards. Our commitment to timely delivery and transparent business practices has helped us build long-term relationships with clients across multiple industries.

Why Choose Us!

- Precision forging & machining
- Consistent quality control
- Strong material integrity
- Timely delivery
- Customer-focused manufacturing

Our Vision

To become a trusted and recognized manufacturer of precision forged components, delivering consistent quality and reliability while contributing to the growth of the power transmission, pipe fitting, defence, and automobile industries through engineering excellence.

Our Mission

To reach every possible corner of the world and as well as on the foreign lands. To expand our company and to satisfy our customers with real work is our only motto

Products & Solutions

High-Quality Forged & Machined Components

Power Transmission Components

- 101 to 109 Flange
- 101 to 105 Rigid Flange
- 103 to 110 Hub

Flanges & Hubs

Pipe Fitting Flanges

Weld Neck Flange

3" to 12"

Class 150 / 300 / 600

Slip On Flange

3" to 12"

Class 150 / 300 / 600

Blind Flange

3" to 12"

Class 150 / 300

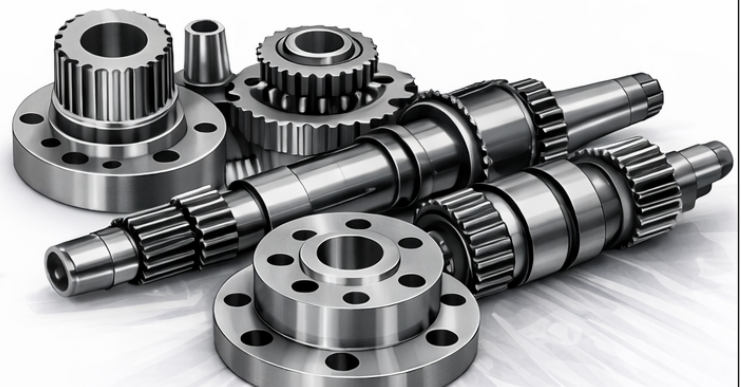

Defence Sector

Precision Components for Defence Applications

Automobile Sector

Forged Parts for Automotive Industry

High Strength

Precise Tolerances

Pressure Rated

Strict Quality Control
